

FIFA & CAF MEMBER ASSOCIATION
COVID-19 RELIEF FUNDS

The FIFA COVID-19 Relief Fund has been designed to deliver support and assistance to both Member Associations and the wider football community *now* and *for the return of football*.

Per the provisions of the Operational Model and Governance Structure (Oversight, Audit & Control) of the FIFA Covid-19 Relief Plan document from FIFA which was emailed to members of the GFA earlier, the framework established must have a broader reach and flexibility to be implemented in a way that considers not only *top-level football but also national teams, women's football, lower-tier domestic leagues, youth and grassroots football, as well as other stakeholders*.

Notes:

1. The FIFA Women's grant of USD500,000 has been shared to only the women's game and the Women clubs as per the stipulations of FIFA.
2. The allocation for national teams is for national teams camping and some overhead costs related to the GFA Technical Centre (Ghanaman Soccer Centre of Excellence, Prampram).
3. The allocation for Referees will be used to pay outstanding debts owed to referees and RAG.
4. The allocation for Match Commissioners will also be paid their outstanding allowances.

DISBURSEMENT OF FIFA & CAF COVID-19 RELIEF FUNDS
