MESSAGE FROM OUR PRESIDENT

Dear Gallant Black Queens,

On behalf of the Ghana Football Association (GFA), the entire football fraternity, and the proud people of our beloved nation, I extend my warmest and most heartfelt wishes to you as you embark on your campaign in the 2025 CAF Women's Africa Cup of Nations (WAFCON) in Morocco.

Qualifying for this top level continental tournament is no small feat, and I commend your collective dedication, tireless hard work, unrelenting passion, countless sacrifices and deep love for our flag, and for that, we salute each and everyone of you.

Today, you stand at the threshold of yet another opportunity to etch your names in gold in the annals of Ghana's sporting history.

You carry with you the dreams and aspirations of millions of Ghanaians both home and abroad and every aspiring footballer who sees in you the embodiment of discipline, courage, and excellence.

We recognize the immense dedication you have poured into your preparations, from your training camps to your qualifiers, and we have absolute confidence that you are ready to rise to the challenge and make Ghana proud on the continental stage. Let your performances speak of teamwork, discipline, passion, and the Ghanaian fighting spirit that knows no surrender.

As you step onto the pitch, remember that the entire nation stands with you. From every corner of Ghana, our hearts beat with yours. Know that you are not alone; you carry with you the hopes and prayers of over 30 million people.

Go forward with belief. Compete with pride. Play with heart. Let your feet echo the rhythms of our heritage and let your unity mirror the strength of our people.

We believe in you. We support you. And we are behind you every step of the way. Go Black Queens!

MESSAGE FROM OUR SPORTS & RECREATION MINISTER

To our fearless Black Queens,

As you prepare to take on the continent once again at the Women's Africa Cup of Nations in Morocco, I bring you warm greetings and the heartfelt support of the Government and the good people of Ghana.

You have made us all proud; not just by qualifying, but by the spirit, passion, and determination you've shown throughout this journey. From your emphatic wins during the qualifiers to your tireless preparations in camp, you have proven that Ghanaian women's football is rising and rising strong.

In recent years, women's football has become one of the brightest lights in our sporting landscape. From the Maidens to the Black Princesses, and now the Black Queens, your performances have consistently lifted the nation and reminded us of what is possible with commitment and belief. You have been bold, focused, and fearless and for that, we salute you.

I want to reassure you that the Government remains fully committed to supporting women's football at every level. You have done your part and we will continue to do ours through investment, exposure, and the right structures to help you succeed. Your performance, your resilience, and your results have earned you that.

As you go into this tournament, carry with you the hopes of every young girl watching from afar, dreaming of wearing that jersey one day. And know that the entire nation is solidly behind you. Go out there, play your hearts out, and bring home the victory. You have already made us proud; now go make history.

We believe in you. We are behind you. Let's go, Queens!

THE GHANA WOMEN'S FOOTBALL STRATEGY

The Ghana Women's Football Strategy, a well-defined national strategy was launched on Tuesday, July 4, 2023 as part of efforts to improve Women's football in the country.

This initiative mirrors Ghana's overarching Women's Football Strategy, which is geared towards establishing a sustainable pathway for player advancement from grassroots levels to elite competition.

The strategy provides a framework for the structured development of women's football, outlining clear goals, objectives and action plans to enhance the sport's growth at all levels.

The project was spearheaded by Ms. Ama Brobey Williams who was then Head of Women's Football Development at the Ghana Football Association Technical Directorate but now Deputy General Secretary-Administration.

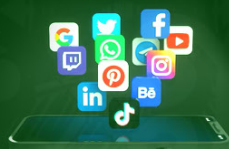

The Women's Strategy offers equal opportunities to all females who desire to work in the football ecosystem and ensures that women and girls have equal opportunities to participate in football, receive proper training and access resources and support including addressing gender disparities in the sport.

The strategy is visually represented by the "Asantewaa the Fearless" logo and will transcend to our fearless Black Queens as the team seeks to turn things around in the Women's Africa Cup of Nations.
